IJS SENIOR CD/OD/FD AND LEVEL 10 FIELD MOVES	(test score attained In current/previous season)	(test score attained In current/previous season)

Notes

- Age as at preceding July but to start applications will be relevant to 1/7/09.
- skaters meeting these test by age criteria make application to be included on the Regional Development Pathway team.
- *Dance and Pairs based on individual test passes to encourage formation of partnerships through identification and matching however from L6 (IJS comp entry) if one skater meets the test and age criteria then the partner is included subject only to the test qualification.
- There is no no age criteria for IJS Dance and Pairs as per British Championships and IJS events although test score of tests already held must have been attained in current or previous season to preclude those who have not continued to skate on a regular basis. Same applies to senior singles IJS.
- Dancers who compete in IJS events without IJS test qualifications, are not part of a couple already qualified for RDPT through one skater, and do not meet the age requirements ,have the opportunity to qualify for RDPT by continuing to take National tests.
- Pair tests commence at a later age because skaters have already attained full level 4 singles tests.
- Test score attained in current/previous season refers to one segment only.
