**Sk8scotland Open Championships and Scottish National Open Competitions Dumfries 21-26th October 2008**

**Event 45: Sk8scotland Inter-Club Solo Dance Team Challenge**

Due to the popularity of this event and the format for the competition, based on the highly successful RIDL concept, and used in the 2005, 2006 and 2007 Scottish, will be repeated in 2008. The maximum number of teams accepted will be limited to 10. Clubs may enter one or more teams (skaters may compete for only one team), however in the event that there are more than 10 entries by the closing date (19th September 2008), to ensure that as many rinks as possible are represented, where more than 1 team per rink is entered, precedence will be given to date order of entry. A draw may still be necessary amongst those rinks entering more than one team.

**Format:** The competition will be divided into two rounds of compulsory dances, where clubs will be skating against each other, two skaters at a time on the ice, in a round robin contest (ie A v B, A v C, B v C etc). Judges will award 5 points for a win, 3 points for a draw and 1 point awarded to a losing skater. Teams will then be ranked according to points scored.

Following the Compulsory Dances rounds, all teams will skate a 2 minutes (± 5 seconds) Free Dance (Technical Requirements as per British Junior Solo Dance Championships 2008. This will be judged using the 0-6 RJS judging system. The ranking of skaters in the Free Dance will be awarded points, which will be added to the ranking points gained in the compulsory dance rounds to arrive at the winning total team points.

The final format of the competition will be dependent on the number of teams entered: Where up to 7 teams enter, each Compulsory Dance Round will be in the form of a complete Round Robin, where every team will skate against every other team. If there are 8 - 10 teams entered, the teams will be drawn into two leagues and again a Round Robin will take place within each league. Following the Compulsory Dance Rounds all teams will skate the Free Dance Round.

**Team Size:** Teams may comprise up to 3 skaters in each of the Compulsory Dance rounds 1 and 2, plus one skater only in the Free Dance Round.

The minimum possible team size is therefore 3 (eg 1 skater dances in Compulsory Dance Round 1; 1 skater dances in Compulsory Dance Round 2; plus 1 further skater in the Free Dance)

The maximum possible team size is 7 (eg 3 skaters dance in Compulsory Dance Round 1; 3 skaters dance in Compulsory Dance Round 2; plus one further (different) skater competes in Free Dance).

Teams are encouraged to enter as many skaters as possible up to the maximum team size allowed. The team member skating in the Free Dance round may have already competed in Compulsory Dance rounds 1 or 2 as long as the total team size meets the minimum of **three different** skaters.

**Ties:** Will be decided (a) by team size – largest team wins\* (b) by ranking on Free Dance (c) by ranking on Compulsory Dance Round 2 (d) by Presentation mark in Free Dance

\* Encourages teams to include more skaters & discourages teams from including only their strongest skaters perhaps skating more than once
