Murrayfield Ice Skating Club

IJS OPEN COMPETITIONS 2019

Friday 3rd, Saturday 4th, Sunday 5th & Monday 6th May 2019

SINGLES ANNOUNCEMENT

TECHNICAL REQUIREMENTS for SINGLES & PAIRS OPEN COMPETITIONS 2019

These competition program requirements comply with ISU Basic Novice to Senior. All elements performed are as per ISU current regulations unless otherwise stated.

These Generic Criteria must be read in conjunction with ISU Special Regulations and Technical Rules 2018, ISU Communications 2186, 2172, 2176 and any subsequent ISU communications. Vocal Music is allowed at all levels.

For the purpose of the Step Sequence in Beginner Singles, the requirement for full ice surface at base level will be achieved when the skater covers a minimum of 75% of the full ice surface to make this achievable for skaters at this level. The criteria for level 1 and above step sequences remain as per ISU.

Tests passed after the closing date DO NOT allow entry to be transferred to another level.

The Generic Criteria is the same for all Opens, and the following conditions will apply at Murrayfield Opens 2018:

- **There are no age restrictions at any level of the Generic Criteria for competitors conforming to the Minimum and Maximum test standard requirements stated for the relevant level except at Basic and Intermediate Novice.** At these levels, skaters not age eligible should enter the Level 4/5 or 6/7 events instead.
- All singles and pairs events at Murrayfield Opens 2019 will be judged using the IJS and including video replay.
- Events from Level 1 to Level 3 will be judged in accordance with the ISU Basic Novice regulations, i.e. No element can achieve higher than Level 2 and only 2 components will be scored in accordance with ISU Communication 2172. . In Beginner events, no spin can achieve higher than Level 1
- **All skaters are asked to read carefully the communications regarding which components will be marked at each level and the factors to be used.**
- At Murrayfield IJS Open 2019 the Short Programme and Free Programme at levels 8 to 10 will **be run as 2 separate events**. Skaters are free to enter either or both of the 2 events at any level for which they meet the requirements. Many skaters will be eligible at more than one level and will choose which event they enter in association with their Coach, based on their personal plans for the season. If entries are submitted for SP and FP in events at 2 different levels, skaters must state their preference in case Murrayfield can only accommodate skaters in one event due to time restrictions. Skaters will be informed following the closing date if this is the case.
- It is anticipated that it will be possible to achieve test passes at this event, working within British Ice Skating criteria. For details please see separate announcement on BIS website regarding the panel requirements. The ice surface, judge and technical panels at Murrayfield will meet the minimum requirements for test passes.
- Following the closing date Murrayfield ISC reserves the right to further sub-divide events based on age to allow as many skaters as possible opportunity to participate in the event.
- It is **NOT** possible for skaters to enter the Level 4/5 event AND the Basic Novice event or the Level 6/7 event AND the Intermediate Novice event. Skaters at this level should note which are ranking events as listed in the criteria.

The ice pad at Murrayfield is 60m x 30m.

TECHNICAL REQUIREMENTS for SINGLES & PAIRS OPEN COMPETITIONS 2019

- 1) **SPIN WITH NO CHANGE OF POSITION.** A “spin with no change of position”, in which another basic position is executed with more than two (2) revolutions, does not fulfil the requirements of a spin with “no change of position” and will be identified as a “spin combination”. However, the concluding upright position at the end of the spin is not considered to be another position independent of the number of revolutions, as long as the skater is executing only the final wind up without any enhancements. NB. This means in a spin with only one change of position, if the second position is an Upright position it should be obvious, eg. have an enhancement, to make it clear is not simply the wind up.

- 2) **CHOREOGRAPHIC SEQUENCE**
A Choreographic Sequence consists of any kind of movements like steps, turns, spirals, arabesques, spread eagles, Ina Bauers, hydroblading, any jumps with maximum of 2 revolutions, spins etc. Listed elements included in the Choreographic Sequence will not be called and will not occupy a box. The pattern is not restricted, but the sequence **must be clearly visible**. It can be performed before or after the Step Sequence. This element has a fixed base value and will be evaluated by the judges in GOE only. As per ISU communication 2089 and any subsequent updates
