

Scores for Tests, Qualifiers and Squads and Numbers for Singles entries into the British Championships 2023/2024

From the 1st of July 2023 a **minimum technical score** to enter British Championships Qualifiers in **Singles Categories** will be re-implemented on the advice of the Singles and Pairs Technical Advisory Committee. This requirement was previously removed in response to the impact of the Covid19 pandemic.

Qualification scores must be obtained from events which were sanctioned for test passes dated from the **1st of July 2022** and can be achieved in the current or previous season.

Members will be required to apply for and claim the relevant award for the Qualification score, which should be applied for via the Sport80 membership portal from the **1st of June 2023**. There will be no charge for this and instructions on how to claim this will be communicated in advance of their release.

Please note that for Advanced Novice level and above both the Short Program and Free Program Qualifier TES Awards are required for entry into the event. The pass should be applied for when **both Short & Free Scores** have been achieved for Advanced Novice level and above.

Please note that you can claim any qualifier score award at any time, this will not mandate you having to enter the qualifier at this level. For example, a skater may be 14, holding the Advanced Novice qualifier score for entry to the qualifier, and compete in an open at National 7 and claim the Junior qualifier score award – they would then still be able to compete in qualifier events at Advanced Novice.

Please note competitors in the 2023 British Figure Skating Championships in Nov/Dec will be required to hold the relevant qualifier award and be ranked from Qualifier events in the number of skaters for their level as per the chart below.

Awards must be claimed each season.

Score Criteria

Competition Test/ Event	Test TES Score	Qualifier TES Score	Squad Score (NB – A PC score is also required for Squad applications, please check the website)		Number in British
			Performance	Development	
BIS National 4 Test / BIS Basic Novice Event – Girls FP	9.0	11.0	N/A	13.5	32
