

Test Level Application & Claim Form

Please complete all relevant parts of this form and upload it as part of your application on-line in PDF, JPEG, JPG or PNG format. The form can also be sent by post to the registered office address, however, please note that web applications are far quicker than postal applications.

This form should be submitted by the person responsible for the skater’s account (“role”), with the validation and approval of their BIS-licensed coach. Both signature fields must be completed either hand-written or with an authorised e-signature, NOT by typing the name. Submission of this form constitutes agreement to the Terms & Conditions of test applications / test claims, which can be found at www.iceskating.org.uk

The same form can be used for multiple applications / claims provided the details specified are relevant to each submission. However, it must only be used for EITHER National Test Applications OR Competitive Test Claims. Further information about claiming missing segments through competitive test claims, and the process for claiming competitive test awards where national test applications for the same level are pending, can also be found in the [Terms & Conditions](#).

To apply for a first test, you must email a completed double page picture of the Skate UK Star Passport to test.membership@iceskating.org.uk for validation, when you have received a reply, you will be able to make your first application online.

Skater Name		Skater Membership #
